

Environmental Statement (Form V) Guide

Environment & Waste Management

Document type: Licence / statutory filing · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide and structure to prepare the annual Environmental Statement (Form V) for a facility — the data on water, raw material, pollution and waste, and how to present it — for submission to the SPCB by 30 September. Describe the facility below.

Purpose of this tool & output

Prepare the annual environmental statement

How the output is used

Use it to prepare the annual Environmental Statement (Form V) — the environmental statement a consented unit must file each year.

Who receives it

The Environmental Statement (Form V) is filed with the State Pollution Control Board for the financial year.

How to submit / file it

Compile the water, raw-material, waste, emission and disposal data for the year and file Form V with the SPCB by the prescribed date (typically 30 September).

Fees & charges

No separate government fee for filing Form V; the cost is the monitoring and consultant effort to compile it.

Who should vet it

An environmental consultant or auditor, to compile and verify the Form V data against the consent and monitoring records before filing.

Important cautions

AI-generated guide; use actual monitored data and confirm the format with your SPCB.
