

Service Portfolio & Packages

Environment & Waste Management

Document type: Plan / SOP / strategy / guide · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Design a clear service portfolio and packages for an environmental consultancy or services firm — service lines, deliverables, ideal client, and retainer vs project models — so prospects understand and buy. Describe your services below.

Purpose of this tool & output

Package environmental services clearly

How the output is used

Use it to package environmental services clearly — a service portfolio and packages that a client can understand and buy.

Important cautions

AI-generated portfolio; price from your cost model.
