

STP Design / Review Service

Environment & Waste Management

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get an STP concept design or review — technology selection (MBBR/SBR/MBR), capacity sizing, treated-water reuse, and compliance — for a building, township or institution. Describe the requirement below.

Purpose of this tool & output

Sewage treatment for buildings and townships

How the output is used

Use it for sewage treatment for buildings and townships — an STP design or review sized to the load and reuse target.

Important cautions

AI-generated concept; detailed STP design needs an engineer and site data.
