This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a security deployment plan for an event — guard/bouncer numbers and positions, access control and frisking, VIP and backstage security, and incident response — so the event is secure. Describe the event below.

Purpose of this tool & output

Deploy guards and bouncers where needed

How the output is used

Use it to deploy guards and bouncers where needed — a security deployment plan matching manpower to entry, stage, VIP and crowd zones.

Important cautions

AI-generated plan; engage licensed security agencies and coordinate with police.
