

Profitability / Margin Analyzer

Finance & Accounting

Document type: Financial model / analysis · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Tears down profitability by product, segment or channel — margin leaders and drains — and recommends mix, pricing and cost actions. Use it to find where you actually make (and lose) money. For cost-cutting ideas, use the Cost-Reduction Opportunity Finder.

Purpose of this tool & output

Tear down margins by product, segment or channel

How the output is used

Use it to tear down margins by product, segment or channel and see exactly where the profit is made and lost.

Who should vet it

Your CA or finance head, to confirm the cost allocation behind each margin.

Important cautions

Ensure costs are fully and consistently allocated.
