

Catch Logbook & Records SOP

Fisheries & Aquaculture

Document type: Plan / SOP / strategy / guide · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Sets up a catch logbook and trip-records system — catch by species and effort, fuel, costs and compliance data — for management, subsidy and traceability. Use it to run the boat on data and meet record rules.

Purpose of this tool & output

Record catch and trips properly

How the output is used

Use it to record catch and trips properly — a catch logbook and records SOP that supports compliance and costing.

Important cautions

Some catch and logbook records are required by regulation and for subsidy and traceability; keep them accurate and current. Adapt the template to your state and buyer requirements.
