Fisheries Funding & Scheme Plan

Fisheries & Aquaculture

Document type: Financial model / analysis · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a funding plan for a fisheries venture — term loan, cash credit, KCC-fisheries, PMMSY subsidy and equity — with a means-of-finance structure and how to apply. Use it to arrange finance.

Purpose of this tool & output

Fund the venture with loans and schemes

How the output is used

Use it to fund the venture with loans and schemes — a funding and scheme plan across bank finance, PMMSY, KCC and subsidies.

Who should vet it

A CA or your banker, to confirm the funding structure and loan/scheme terms before you commit.

Important cautions

Scheme components, subsidy rates and eligibility change and are sanctioned case by case; subsidy is not guaranteed. Confirm current terms with the bank, NABARD and the State Fisheries Department and do not assume subsidy in your base plan.
