

Seafood Packaging & Labelling Guide

Fisheries & Aquaculture

Document type: Plan / SOP / strategy / guide · Generated 26 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Guides seafood packaging and labelling — materials, pack formats, glazing, and label content for domestic legal metrology and export markets. Use it to package correctly and meet labelling law.

Purpose of this tool & output

Package and label to spec and law

How the output is used

Use it to package and label to spec and law — a seafood packaging and labelling guide across material, declarations and market rules.

Important cautions

Labelling rules differ by market and are strictly enforced (net weight, glaze, allergens, plant codes); errors cause rejection and legal action. Confirm current requirements with FSSAI, Legal Metrology, the EIA and your buyer.
