

Responsible Sourcing & ESG Guide

Fisheries & Aquaculture

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a responsible-sourcing and ESG plan for a seafood business — legal and traceable sourcing, labour and social standards, environmental care and buyer codes of conduct. Use it to satisfy demanding buyers and future-proof access.

Purpose of this tool & output

Meet buyer ESG and sourcing standards

How the output is used

Use it to meet buyer ESG and sourcing standards — a responsible sourcing and ESG guide across labour, environment and traceability.

Important cautions

Buyer ESG and social-audit standards vary and are tightening, and non-compliance (especially labour and IUU) can end market access. Confirm each buyer code and the applicable social and legal standards and prepare for third-party audits.

Companion documents
