

Legal Metrology / Weights & Measures Compliance

FMCG Brands & Distribution

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Guides Legal Metrology (Packaged Commodities Rules) compliance for a manufacturer/packer/importer — registration, mandatory pack declarations, net-quantity and error tolerance, MRP rules, and inspection readiness — so you avoid weights-and-measures penalties. Use it for packaged-goods compliance. For a specific label use the Label & Legal Metrology Compliance Check.

Purpose of this tool & output

Stay right on net quantity, MRP and declarations

How the output is used

Use it to stay right on net quantity, MRP and declarations — the Legal Metrology and packaged-commodities rules for your packs.

Important cautions

Legal Metrology penalties are common and avoidable; confirm current rules with a consultant or the department.
