

Food Business Licensing Roadmap

Food Service, Restaurants & Cloud Kitchens

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a complete licensing roadmap for a food outlet — FSSAI, health trade, eating house, fire, GST, liquor and more by format and city — with process and priority. Use it to become fully legal. For a specific licence use its dedicated guide.

Purpose of this tool & output

Every licence a food outlet needs

How the output is used

Use the roadmap to map every licence a food outlet needs, in the right order.

Important cautions

Food licensing varies significantly by city and state — FSSAI, health trade, eating house, fire and (for alcohol) excise are the core, but requirements and authorities differ locally. Confirm exact requirements with the municipal corporation, police and excise department before opening.
