Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Helps choose catalogue, quotation and design or configurator tools for furniture and modular — for faster quotes, 3D design and digital catalogues. Use it to speed design and sales. For the website use the Website & Online Catalogue tool.

Purpose of this tool & output

Tools for catalogues, quotes and design

How the output is used

Use it for tools for catalogues, quotes and design — a catalogue and design software guide across product visuals, quoting and design.

Important cautions

Design and configurator tools with instant costing speed accurate quotes and help customers visualise (which converts and reduces disputes), but need training and cost money — pick tools matched to your work and skills. Ensure quotes from tools reflect true costs. Pilot before committing.
