Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a plan for a curtains and blinds business — products, measurement, stitching or sourcing, installation, pricing and B2B — as a standalone or add-on line. Use it to run window furnishings. For measurement use the Site Measurement & Design SOP.

Purpose of this tool & output

Run a curtains and blinds business

How the output is used

Use it to run a curtains and blinds business — a curtains and blinds business guide across products, measurement, install and pricing.

Important cautions

Curtains and blinds are a measure-make-install service where measurement accuracy and clean installation decide satisfaction — quote clearly by fabric, size, lining and hardware. Motorised and project work add value. Validate demand and sourcing, and set advances for custom fabrication.
