This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces an operations plan for an esports bootcamp/gaming house — facility and gear, practice/scrim structure, coaching, player welfare and routine. Use it to run effective team training. For roster management use the Player & Roster Management tool.

Purpose of this tool & output

Run a productive team bootcamp/gaming house

How the output is used

Use it to run a productive team bootcamp or gaming house — the setup, schedule, practice and welfare of a bootcamp.

Important cautions

Sustainable esports performance needs structured practice AND genuine player welfare (sleep, fitness, mental health, breaks) — over-grinding causes burnout and hurts results. Ensure reliable low-latency infrastructure. Provide extra care and guardian involvement for minors.
