

Fantasy Sports Platform Setup

Gaming, Esports & Digital Entertainment

Document type: Plan / SOP / strategy / guide · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a setup plan for a fantasy sports platform in India — format and skill-basis, contest/scoring design, compliance (state-law, IT rules/SRB, KYC, GST, TDS), payments and responsible play. Use it to plan a fantasy sports business. For the legal basis use the Skill vs Chance Assessment.

Purpose of this tool & output

Build a compliant fantasy sports platform

How the output is used

Use it to build a compliant fantasy sports platform — the game design, skill-basis, compliance and operations a fantasy platform needs.

Important cautions

Fantasy sports has been treated as a game of skill in leading Indian rulings but remains state-sensitive and subject to the IT online-gaming rules, GST (28% on deposits) and TDS (194BA). Geo-fence restricted states and engage specialist gaming lawyers before launch. This is guidance, not legal/tax advice.
