Background

Produces a setup plan for a gaming venture — model and focus, team, tech, legal structure, funding and a launch roadmap. Use it to start out. For the full plan use the Gaming Business Plan.

Purpose of this tool & output

Start a game studio, esports or gaming venture

How the output is used

Use it as your first roadmap to start a game studio, esports or gaming venture — the model, team, tech and funding, then move to the full plan.

Important cautions

Real-money and fantasy gaming carry serious, state-varying legal exposure (skill-vs-chance, IT online-gaming rules, GST, TDS) — get specialist legal review before launch. Other models are lighter but still need proper structure. This is general guidance, not legal advice.
