

Gem & Jewellery Certification Guide

Gems & Jewellery

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to certification for gems and jewellery — which certificates matter (diamond/gemstone/jewellery), reputed labs, what reports cover, and how to use certification to build trust and value. Describe your products below.

Purpose of this tool & output

Get the right certificates and labs

How the output is used

Use it to get the right certificates and labs — which certificates a piece needs and the recognised labs to use.

Important cautions

AI-generated guide; use reputed labs and verify certificate authenticity.
