

Karigar / Artisan Agreement

Gems & Jewellery

Document type: Contract / agreement · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Draft an agreement with a karigar/artisan — work scope, metal issue and wastage norms, weight accountability and reconciliation, making charges, and quality — to protect against metal loss and disputes. Fill in the terms below.

Purpose of this tool & output

Engage karigars with metal accountability

How the output is used

Use the draft to engage karigars with metal accountability — issue, wastage, quality and settlement terms — reviewed by a lawyer.

Who receives it

The agreement is between the jeweller and the karigar/artisan; each keeps a signed copy.

Fees & charges

Usually executed on stamp paper per your state; GST applies to job-work as per law.

Who should vet it

A lawyer, to make the metal-accountability, wastage and settlement terms clear and enforceable.

Important cautions

AI-generated draft; metal accountability is critical - have a lawyer review before signing.
