

Product & Service Portfolio

Gems & Jewellery

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Design a product and service portfolio for a jewellery business — product categories and price tiers, plus services (custom orders, repair, exchange, schemes) — to present a clear, sellable range. Describe your offering below.

Purpose of this tool & output

Structure your range and services

How the output is used

Use it to structure your range and services — the product and service portfolio (retail, custom, repair, exchange) that fits your market.

Important cautions

AI-generated portfolio; align with your sourcing and market.
