

Complete Business Setup Bundle

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Plans an end-to-end new-business setup in one guided flow — the right entity and incorporation, PAN/TAN, GST, Udyam (MSME), the bank account, the municipal trade licence and Shops & Establishment registration, and FSSAI where applicable — sequenced with the documents each step needs and the order to do them, so a founder gets fully set up without missing a registration.

Purpose of this tool & output

Plan a complete business setup in one guided flow — incorporation, PAN/TAN, GST, Udyam, bank, trade licence, Shops & Establishment and FSSAI

How the output is used

Use the sequenced setup plan — the entity/incorporation, PAN/TAN, GST, Udyam, the bank account, the trade licence and Shops & Establishment, and FSSAI where applicable — and the documents each step needs, in the right order, to get fully set up without missing a registration.

Important cautions

The applicable registrations and their order depend on the business type, the state and the activity; missing a step means a penalty or a block later. Verify each step current requirement with a CA/consultant.
