

Foreign-Credential Equivalence (AIU) Application

Document type: Licence / statutory filing · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Prepares an Association of Indian Universities (AIU) equivalence certificate or a recognition application for a foreign qualification — needed for higher studies, a government job or professional registration in India — with the document set, the syllabus and duration mapping, and the framing that gets the equivalence granted.

Purpose of this tool & output

Prepare an AIU equivalence or recognition application for a foreign degree, with the document set and evaluation framing

How the output is used

Use the equivalence framing and the document set to file the AIU equivalence or recognition application, and use the certificate for the higher-studies admission, government-job eligibility or professional registration it is needed for.

Who receives it

The Association of Indian Universities (AIU), which issues the equivalence or recognition certificate.

How to submit / file it

Apply to AIU with the degree, transcripts, syllabus and accreditation proof and certified translations, mapping the foreign qualification to the Indian equivalent; AIU evaluates and issues the certificate.

Fees & charges

The AIU evaluation fee for the qualification; a translation or apostille cost is separate.

Who should vet it

An education or overseas-credential consultant where the institution recognition or the duration or mode is borderline; a clearly recognised full-time degree needs no help.

Important cautions

Equivalence is refused for an unrecognised institution, insufficient duration or a distance or online mode where the Indian equivalent requires otherwise, so the framing and accreditation proof matter. Verify with AIU.
