

Electricity Load Enhancement / Name / Category Change

Document type: Licence / statutory filing · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Prepares an application to the DISCOM to enhance the sanctioned load, change the consumer name (including a legal-heir transfer on the death of the account holder), or change the tariff category (for example domestic to commercial) — with the load basis, the documents and the affidavits where needed.

Purpose of this tool & output

Prepare a load enhancement, name change (incl. legal-heir) or tariff-category change application to the DISCOM

How the output is used

Use the prepared application to file the load-enhancement, name-change (including a legal-heir transfer) or tariff-category-change request with your DISCOM, with the load basis and the affidavits/documents each change needs.

Who receives it

Your electricity distribution company (DISCOM) — the local section/sub-division office that handles the meter and account changes.

How to submit / file it

Apply at the DISCOM (online or at the office) with the existing account, the new load or the reason for the change, and the documents — ownership/succession proof for a name change, an affidavit or indemnity where required; pay any revised security deposit.

Fees & charges

The processing fee and a revised security deposit (for a higher load) apply per the DISCOM schedule; a category change may change the tariff and the deposit.

Who should vet it

An electrical contractor (for a load change) or, for a legal-heir/name transfer, a lawyer/notary — to prepare the affidavit and confirm the succession proof.

Important cautions

A wrong category (domestic vs commercial) invites a penalty and reassessment; a legal-heir transfer needs proper succession proof and an indemnity/NOC from other heirs. Verify the DISCOM document list and deposit before applying.

Companion documents

No related documents are listed on the portal for this tool.

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
