This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Prepares a voluntary strike-off or closure under Section 248 — the board and special resolutions, the director affidavits (STK-3) and indemnity bonds (STK-4), the statement of accounts (STK-8) and the STK-2 content — with the eligibility check (no pending dues, assets or litigation) that avoids rejection.

Purpose of this tool & output

Prepare a voluntary strike-off in Form STK-2 with the special resolution, affidavits, indemnity bonds and statement of accounts

How the output is used

Use the eligibility check, resolutions, affidavits and statement of accounts to file STK-2 on the MCA portal, close the bank account and clear dues, and respond to the STK-6 public notice.

Who receives it

The Registrar of Companies (RoC), via the MCA portal (STK-2).

How to submit / file it

File STK-2 with the special resolution, the director affidavit (STK-3), the indemnity bond (STK-4) and the statement of accounts (STK-8, certified within 30 days); the RoC publishes STK-6 before striking off.

Fees & charges

The STK-2 government fee, plus a professional fee for the CS or CA; all statutory dues must be cleared first.

Who should vet it

A company secretary (CS) — to confirm strike-off eligibility (no assets, dues, charges or litigation) and the documents.

Important cautions

Strike-off is rejected if there are open charges, pending dues, assets or litigation, or a recent name or office change; directors remain liable for prior acts. Verify eligibility with a CS.
