

MSME Samadhaan Delayed-Payment Complaint

Document type: Letter / notice · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts an MSME Samadhaan complaint before the Micro and Small Enterprise Facilitation Council (MSEFC) for delayed payment from a buyer — with the invoice and acceptance particulars, the compound-interest computation at three times the notified RBI bank rate under the MSMED Act, and the reliefs. For the pre-complaint demand, the MSME Recovery Notice tool drafts the notice.

Purpose of this tool & output

Draft an MSME Samadhaan (MSEFC) delayed-payment complaint with the compound-interest computation under the MSMED Act

How the output is used

Use the drafted MSEFC application, the deemed-acceptance facts and the compound-interest computation to file the delayed-payment complaint on the Samadhaan portal, and pursue the conciliation-then-arbitration process for the principal and interest.

Who receives it

The Micro and Small Enterprise Facilitation Council (MSEFC) of the supplier state, via the MSME Samadhaan portal (samadhaan.msme.gov.in); the buyer is the respondent.

How to submit / file it

File the application on the Samadhaan portal with the Udyam and buyer particulars, the invoices and acceptance or due dates, and the principal and computed interest; the MSEFC takes up conciliation and then arbitration.

Who should vet it

A lawyer or a chartered accountant for a large claim or the arbitration stage; the initial filing and the interest computation the tool prepares are usually sufficient to file.

Important cautions

The claim relies on Section 15 (the 45-day payment rule) and Section 16 (compound interest with monthly rests at three times the RBI bank rate), and requires an active Udyam registration; the buyer may raise a quality or dispute defence at conciliation. This is a drafting aid.
