

Commercial & Interstate Permit Application

Document type: Licence / statutory filing · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Prepares the permit application for a commercial vehicle — a national permit, an all-India tourist permit, a contract-carriage, stage-carriage, goods-carriage or temporary permit — determining the right permit type, the authorities and states involved, the fees and taxes, and the document set for the RTO or State Transport Authority.

Purpose of this tool & output

Prepare a commercial vehicle permit application — national permit, all-India tourist, contract-carriage, goods or temporary permit

How the output is used

Use the output to file the permit application at the RTO or State Transport Authority for the correct permit type, arrange the fitness, insurance, tax and PUCC documents, and pay the permit and authorisation fees.

Who receives it

The Regional or State Transport Authority (RTA/STA), or the national permit authority, via the RTO or the transport portal.

How to submit / file it

Apply for the permit (national, all-India tourist, contract/stage/goods carriage or temporary) with the RC, fitness certificate, insurance, tax and PUCC; a counter-signature is needed for the states covered.

Fees & charges

The permit fee plus the national or inter-state authorisation and the state taxes; validity and renewal vary by permit type.

Who should vet it

A transport consultant or an RTO agent familiar with the permit category and the states involved.

Important cautions

The wrong permit type or an expired fitness or insurance leads to seizure and fines; a national permit needs the authorisation and tax for each state. Confirm the current fees and rules with the RTO.
