

Scholarship Application & Renewal Pack (NSP + State)

Document type: Licence / statutory filing · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Prepares a scholarship application on the National Scholarship Portal or a state portal — matching the student to the right scheme (pre/post-matric, minority, SC/ST/OBC, merit-cum-means), assembling the income, caste, bank and institution documents, and handling renewals and the verification or rejection follow-up that trips most applicants.

Purpose of this tool & output

Prepare a scholarship application on the National Scholarship Portal or a state portal — with document assembly, renewal and post-verification follow-up

How the output is used

Use the scheme match, the document checklist and the application content to file the scholarship on the National Scholarship Portal or the state portal, complete the institution verification, and fix the Aadhaar-bank seeding that most often blocks disbursement.

Who receives it

The National Scholarship Portal or the state scholarship portal, verified by the institution and sanctioned by the department or directorate; the amount is credited to the Aadhaar-seeded bank account.

How to submit / file it

Apply online for the matched scheme with the income, caste, domicile and marksheet documents and the institution verification, before the scheme deadline; a renewal is filed each year.

Fees & charges

No government fee for a scholarship application; only the cost of obtaining the supporting certificates.

Who should vet it

No professional is needed; the institution nodal officer verifies the application, and the income and caste certificates come from the tehsil or SDM.

Important cautions

A missed deadline, a mismatch in the income or caste certificate, or an un-seeded Aadhaar-bank account is the usual reason the amount does not disburse; a renewal must be filed on time each year. Verify on the portal.
