

Clinical Establishments Act Check

Healthcare

Document type: Licence / statutory filing · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Outlines Clinical Establishments Act (or state-equivalent) registration and minimum-standards compliance for your establishment, plus other registrations (biomedical waste, PCPNDT, fire, pollution). Use this for registration; to draft the resulting policies use the Healthcare Compliance Policy Drafting tool.

Purpose of this tool & output

Check clinic/hospital registration compliance

How the output is used

Use the check to confirm your clinic/hospital registration compliance under the Clinical Establishments Act (or state law).

Who receives it

The State Health Department / District Registering Authority under the Clinical Establishments Act (or the state equivalent).

How to submit / file it

Register on the state health portal with premises, staff qualifications and facility details; inspection may follow.

Fees & charges

A state-specific registration fee, with periodic renewal.

Who should vet it

A healthcare-compliance consultant or lawyer familiar with your state rules.

Important cautions

AI-generated guide; requirements vary by state; confirm locally.
