

# Health Data Privacy (DPDPA) Policy

Healthcare

Document type: Policy · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Drafts a patient health-data privacy policy aligned to India DPDPA — consent and notice, purpose limitation, security, data-principal rights, retention, sharing (TPA/labs/ABDM), breach response and grievance officer. For a compliance gap check first use the Healthcare Compliance Gap Analysis.

## Purpose of this tool & output

Draft a patient-data privacy policy

## How the output is used

Adopt the patient-data privacy policy under the DPDPA to set how patient data is collected, used, shared and protected.

## Who receives it

Approved by management/the data-protection officer; applies to all staff and vendors handling patient data.

## Important cautions

AI-generated draft; a privacy professional should review; align with DPDPA and ABDM.
