This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Reviews a medical-equipment lease or reagent-rental placement agreement for minimum commitments, reagent tie-in pricing, maintenance/uptime, lock-in and exit, flagging traps with fixes. Use this for an equipment/placement deal; for a general vendor contract use the Healthcare Vendor Contract Review.

Purpose of this tool & output

Review a device lease or placement deal

How the output is used

Use the review to understand a medical-equipment lease or placement deal — commitment, service, consumables and exit — before signing.

Who receives it

For your internal use and your lawyer/finance; the vendor is not a recipient of the review.

Fees & charges

No government fee; a lawyer charges a professional fee for a formal opinion.

Who should vet it

A lawyer for the lock-in, service and exit clauses, and your finance/CA for lease-vs-buy economics.

Important cautions

AI-generated review; a lawyer should verify.
