

Telemedicine Guidelines Compliance

Healthcare

Document type: Plan / SOP / strategy / guide · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Checks your teleconsultation setup against the Telemedicine Practice Guidelines 2020 (India) — practitioner identification, consent, mode-appropriate consultation, prescribing limits, prohibited drugs and record-keeping. Use this for telemedicine compliance; for the platform contract use the Healthcare Vendor Contract Review.

Purpose of this tool & output

Run teleconsults within the rules

How the output is used

Use the guide to run teleconsults within the Telemedicine Practice Guidelines — consent, records, prescriptions and limits.

Important cautions

AI-generated check; confirm current Telemedicine Practice Guidelines and NMC norms.
