

Home Services Business Setup Guide

Home & Repair Services

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a setup plan for a home-services business — model (single-trade, multi-service, or aggregator), registrations and licences, service area, technician plan, tooling and a launch checklist. Use it to start out. For the full plan use the Home Services Business Plan.

Purpose of this tool & output

Start a home-services or repair business in India

How the output is used

Use it as your first roadmap to start a home-services or repair business — the model, services, technicians and licences, then move to the full plan.

Important cautions

Some trades need specific licences (electrical-contractor licence, pest-control licence under the Insecticides Act); confirm what applies to your services with local authorities and a CA.
