

Job Quotation & Estimate Builder

Home & Repair Services

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a clear job quotation/estimate — diagnosis, scope, labour and materials with prices, GST, warranty and terms — so customers get a transparent, professional estimate they trust and approve. Use it to quote a job. For your pricing basis use the Service Pricing Model.

Purpose of this tool & output

Give clear, professional estimates

How the output is used

Use it to give clear, professional estimates — a job quotation and estimate builder that sets scope, price and terms upfront.

Important cautions

A clear written estimate with warranty builds trust and prevents disputes; be honest about the diagnosis and use genuine parts where it matters (and say so).
