

Case-Study / Assignment Designer

HR & WorkTech

Document type: Plan / SOP / strategy / guide · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs a fair, time-bounded take-home assignment/case study with a rubric and a fairness note (avoid free labour). Use it to assess candidates practically. For live technical questions, use the Technical Screening Question Set.

Purpose of this tool & output

Design a fair take-home assessment

How the output is used

Use it to design a fair take-home assessment that predicts on-the-job performance without over-burdening candidates.

Important cautions

AI-generated design; keep it proportionate.
