This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts a workplace health and safety policy scaled to your workplace (office vs factory) — responsibilities, hazard control, first aid, emergency and incident reporting — noting OSH Code/Factories Act where relevant. Use it to set safety rules.

Purpose of this tool & output

Draft a workplace health and safety policy

How the output is used

Use it to draft a workplace health and safety policy that meets your duty of care and applicable safety law.

Who receives it

It is a company policy owned by the employer, applied to all employees and displayed/shared at the workplace.

Important cautions

AI-generated draft; factories need specific statutory compliance.
