

Technical Screening Question Set

HR & WorkTech

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a technical screening question set — concepts, problem-solving and a practical task — with expected answers and difficulty, for a role and level. Use it to screen technical candidates. For behavioural questions, use the Competency-Based Question Generator.

Purpose of this tool & output

Role-specific technical screen questions

How the output is used

Use it to build role-specific technical screening questions to filter candidates efficiently.

Important cautions

AI-generated set; a domain expert should validate.
