

Policy Exclusion Interpreter

Insurance

Document type: Financial model / analysis · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Tests whether a cited policy exclusion genuinely applies to your facts, with the argument for why it may not and the evidence to gather. Use it when an insurer leans on an exclusion to deny. For a general plain-English list of exclusions, use the Exclusions Explainer.

Purpose of this tool & output

Test whether an exclusion truly applies

How the output is used

Use it to test whether a policy exclusion truly applies to your situation before you accept a denial.

Who should vet it

An insurance advisor/lawyer, to confirm the exclusion interpretation.

Important cautions

AI-generated interpretation; policy wording governs; consider ombudsman if unfairly applied.
