

Marine / Transit Cover Assessor

Insurance

Document type: Financial model / analysis · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Assesses marine/transit insurance needs — inland transit, import/export, single-transit vs open policy and the right ICC clauses — and why relying on the transporter is risky. Use it if you move goods. For a full program, use the Business Insurance Needs Assessor.

Purpose of this tool & output

Check your goods-in-transit protection

How the output is used

Use the assessor to check your goods-in-transit (marine/transit) protection across your shipments.

Who should vet it

A marine-insurance broker, to confirm the transit cover and terms.

Important cautions

AI-generated assessment; a broker should structure the marine cover.
