

Submission Quality Scorer

Insurance

Document type: Financial model / analysis · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Scores an insurance submission for completeness and marketability and flags gaps that reduce underwriter response, with quick fixes. Use it to check a submission before sending to market. To fill gaps, use the E&S Wholesale Submission Package or Loss-Run Summary Generator.

Purpose of this tool & output

Score a submission before going to market

How the output is used

Use the scorer to grade a submission before going to market, so underwriters take it seriously.

Who should vet it

An underwriter/broker, to confirm the submission is market-ready.

Important cautions

AI-generated score; a complete submission gets better terms.

Companion documents

- E&S Wholesale Submission Package
- Risk Narrative Builder
- Supplemental Application Filler
- Loss-Run Summary Generator
- Market / Carrier Matcher
