

3D Visualisation Brief

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Create a brief for 3D visualisation/rendering of an interior — the views, materials and lighting to show, style and quality level, and deliverables — to brief a 3D artist and get renders that win client approval. Describe the project below.

Purpose of this tool & output

Brief renders that sell the design

How the output is used

Use it to brief renders that sell the design — a 3D visualisation brief that gives the artist clear direction and references.

Important cautions

AI-generated brief; keep renders realistic to the actual specification to avoid client disappointment.
