

Budget Planning & Allocation Brief

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Build a budget-allocation brief for an interior project — splitting the budget across works (civil, false ceiling, electrical, modular, furniture, painting, decor) with benchmarks and priorities — so the client's budget is realistic and well-directed. Enter the budget and scope below.

Purpose of this tool & output

Set a realistic budget across the home

How the output is used

Use it to set a realistic budget across the home — a budget planning and allocation brief that aligns spend to priorities.

Important cautions

AI-generated budget; actual costs vary by city, spec and vendor - use as a starting allocation.
