

Green Building (IGBC/GRIHA) Guide

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to green-building rating (IGBC/GRIHA/LEED) for a project — what the ratings reward, the key credits/strategies (energy, water, materials, indoor environment), and how to pursue a rating — for a greener building. Describe the project below.

Purpose of this tool & output

Design for a green rating

How the output is used

Use it to design for a green rating — an IGBC/GRIHA guide covering the credits and steps toward certification.

Important cautions

AI-generated guide; confirm current rating criteria with IGBC/GRIHA and involve a green consultant early.

Companion documents

- Building / Architecture Design Brief
