

Home Renovation Plan

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a renovation plan for an existing home — what to keep vs change, scope and sequence, working around occupancy, and budget priorities — to renovate smartly with minimal disruption and cost. Describe the renovation below.

Purpose of this tool & output

Renovate smartly, minimise disruption

How the output is used

Use it to renovate smartly and minimise disruption — a renovation plan that sequences work while the home is lived in.

Important cautions

AI-generated plan; check structural/waterproofing/electrical age and society rules before renovating.
