

Layout Options Generator

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Generate two or three layout options for a room or space — each with a different arrangement, trade-offs, and best-fit use — so the client can choose the approach that suits them. Describe the space below.

Purpose of this tool & output

Give the client real choices

How the output is used

Use it to give the client real choices — a layout-options generator that presents genuine, comparable alternatives.

Important cautions

AI-generated options; validate with measured drawings and clearances.
