

Material Selection Guide

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get material selection guidance for an application — options, pros/cons on durability, maintenance, look and cost, and a recommendation — so you pick the right material for the use and budget. Describe the need below.

Purpose of this tool & output

Choose materials that last and look right

How the output is used

Use it to choose materials that last and look right — a material selection guide balancing durability, look and budget.

Important cautions

AI-generated guidance; verify with samples and local availability/pricing.
