

NBC / Accessibility Compliance Guide

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to National Building Code (NBC) and accessibility provisions relevant to a project — the areas NBC covers (safety, egress, services, accessibility) and universal-design/accessibility requirements — so the design meets code and is inclusive. Describe the project below.

Purpose of this tool & output

Design to the National Building Code

How the output is used

Use it to design to the National Building Code — an NBC and accessibility compliance guide for safe, inclusive spaces.

Important cautions

AI-generated guide; NBC and accessibility are code requirements applied by a registered architect - confirm the applicable provisions.

Companion documents

- Building / Architecture Design Brief
- Building Bye-laws Compliance Guide
- Building Plan Approval Guide
- Structural Coordination Guide
- Green Building (IGBC/GRIHA) Guide
- Fire Safety Compliance Guide

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
