Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a design for a pooja/prayer space — placement and size (dedicated room or unit), the mandir/unit design, storage, materials, lighting and ventilation, and Vaastu-aware direction — for a serene prayer space. Describe the requirement below.

Purpose of this tool & output

A serene, well-placed prayer space

How the output is used

Use it to design a serene, well-placed prayer space — a pooja room that respects tradition, placement and calm.

Important cautions

AI-generated design; accommodate the family tradition and lamp/incense safety; balance Vaastu with practicality.
