

Space Planning Guide

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a space-planning approach for a space — zoning, furniture layout options, circulation and clearances, and functional optimisation — so the plan works for how the space is used. Describe the space below.

Purpose of this tool & output

Plan the layout for function and flow

How the output is used

Use it to plan the layout for function and flow — a space-planning guide that makes rooms work for how people live.

Important cautions

AI-generated planning; validate with measured drawings and clearances.
