

Testimonial & Case Study Builder

Interior Design & Architecture

Document type: Plan / SOP / strategy / guide · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Create a case study and testimonial framework for a completed interior project — the brief, challenge, solution, and outcome with the client's words — to build persuasive proof for marketing and proposals. Describe the project below.

Purpose of this tool & output

Turn projects into persuasive proof

How the output is used

Use it to turn projects into persuasive proof — a testimonial and case-study builder that shows outcomes, not just images.

Important cautions

AI-generated draft; confirm the testimonial wording with the client before publishing.
