

Acceptable Use Policy

IT & Tech Compliance

Document type: Policy · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts an IT Acceptable Use Policy — permitted and prohibited use, email/internet, software, monitoring and privacy, and consequences — for your organisation. Use this for the AUP; for the full policy set use the IT Policy Library Generator.

Purpose of this tool & output

Rules for using company IT

How the output is used

Adopt the Acceptable Use Policy to set the rules for using company IT and to enforce them fairly.

Who receives it

Approved by management; applies to all employees and contractors using company IT.

Important cautions

AI-generated draft; adapt and have HR/legal review.

Companion documents
