

Consent Management Design

IT & Tech Compliance

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs consent management flows aligned to DPDPA — granular purposes, capture UX, easy withdrawal, consent records and re-consent triggers. Use this for consent design; for the wider readiness view use the DPDPA Readiness Assessment.

Purpose of this tool & output

Design compliant consent flows

How the output is used

Use the design to build compliant consent flows — notice, purpose, choice and withdrawal — per the data-protection law.

Important cautions

AI-generated design; a privacy lead/lawyer should review.

Companion documents
